Vacuum Storage Garbage Bags by BagButton

April 19, 2010

Space Saving bags for 10 cents or less

Mossyrock, WA. US (RPRN) 04/19/10 — BagButton has improved the concept of space saving bags to include the use of plastic garbage bags. With the BagButton, compression with plastic garbage bags has created an economic twist. BagButton is the leading brand for home construction of vacuum storage bags in the world and features the use of an ever growing range of plastic garbage bags, building on the economical vacuum storage space saving concept.

"Storage solutions are always needed and consumers are constantly on the look out for effective ways to use home space. The economical improvements using the BagButton are very exciting as it is important to be innovative and inventive and provide new ideas and solutions in an environment where people are eager to try something new in order to save space and money," comments Larry Storey, President at BagButton LLC. "BagButton is the world's most dominant brand in home construction of vacuum storage bags."

BagButton's products are guaranteed, strongly branded and packed in high quality, clearly branded packaging. Additionally, with every whole sale stock order, Bagbutton supplies retailers with an eye-catching DVD demonstration

for Point of Sale, free of charge, which accommodates several ranges of plastic garbage bags used in the home construction of Space Saving vacuum bags, including the garbage compactor vacuum storage segment.

Vacuum storage bags compress suitable items down to typically 20% of their original size and allow consumers to triple their storage space in the home, garage, attic, Recreational vehicles etc. Unlike other traditional storage aids, BagButton's vacuum storage bags offers the most economical protection available from damp, dust particles and allergens, dirt and insects. Vacuum storage bags can store anything that can be compressed or needs extra protection. BagButton was specifically designed to be durable, reusable and economical.
