North American Basement Systems Moves

July 30, 2012

Yorkton, SK (RPRN) 07/30/12 — North American Basement Systems is proud to announce the opening of its brand new shop at 350 5th Avenue in Yorkton. They are ready and eager to continue bringing their basement waterproofing and crawl space repair services to customers.

The company has also launched a division in Estevan for the convenience of local residents there.

Now, North American Basement Systems covers a wide area from southeast Saskatchewan to southwestern Manitoba making it easier for everyone to have dry basements and moisture-proof crawl spaces.

In business since 1987, North American Basement Systems provides foundation repair, sump pump installation and service, structural repairs, and spray foam insulation in addition to basement waterproofing and crawl space repair.

Locally owned and operated, they are members of Basement Systems Inc., the largest international network of waterproofing contractors. This gives North American exclusive access to tested, proven, and quality products and services developed by expert engineers, ensuring customers of total satisfaction.

North American Basement Systems offers free estimates which include on-site inspection and measurement of your spaces. Their waterproofing contractors are equipped to answer your questions and recommend appropriate solutions.

Contact North American Basement Systems for more information about their services or for a free estimate today.
