01/14/13 — Jonathon Benson, the Chief Operating Officer, and Dr. Gerald (Gerry) Waterson, Chairman of the Board of Barger Corporation have announced plans to expand operations into the island nation of Indonesia.

Benson stated that " Indonesia is the fastest growing economy in the Southeast Asia region and has a deveolping need for data, voice, and video infrastructure. Amidst a global economic slowdown, Indonesia was the third fastest growing economy among the G-20 for 2011 and it continues to post strong economic growth, at a projected rate of 6% for 2013."

Dr. Waterson added that the island structure of the nation and the variety of dialects and languages present a challenge for us but with our policy of relying heavily on the local labor market for supervisors and service personnel we feel that we'll be able to develop local facilities throughout the country.

Barger Corporation with headquarters in Hong Kong, along with this future operation, have offices in Maryland, Florida, California, Rome,

London, Iraq, Australia, Afghanistan, South
Korea, and Chonqing, PRC

Jakarta, Thriving Capital of
