

# Basement Systems Quebec Reports Record Sales

July 30, 2012

**Montreal, QC ([RPRN](#)) 07/30/12**

— **Basement Systems Quebec** announced record sales for last month, a doubling of their sales staff with plans to continue hiring, and a jump in new leads for their basement waterproofing and foundation repair company.

The surge in sales is testament to the company's recognized and trusted name in the Montreal area by satisfied customers, and to their products which are the most highly rated in the industry.

Basement Systems Quebec was founded in 2005 by Michel Haydamous. With his engineering background and extensive construction experience, he decided to specialize in resolving wet basement problems. A growing staff and installation crew soon followed his transition into the industry.

Never satisfied with the status quo and determined to be the best in the area, the company joined Basement Systems, Inc., the international network of basement waterproofing specialists. This means that Basement Systems Quebec is authorized to install patented-proven products for basement drainage, crawl space moisture control, and foundation repair. It also means that their contractors are trained and certified in the latest waterproofing technologies available.

[Basement Systems Quebec](#) is the exclusive dealership in the greater

Montreal area for Basement Systems, Inc. For more information about the services and products they offer, call or e-mail today.
