Ste. Anne's Spa Provides their Guests with the Opportunity to Interact on a Personal Level with one of the ten Domestic Horses on Property

- From rejuvenating spa services to relaxing facilities and more recently, personal interactions with the horses on property, [Ste. Anne's Spa](#) has something for everyone.

Relatively new to Canada's Favourite Spa is the [Ste. Anne's Farm Equine Program](#), an opportunity for guests to interact on a personal level with one of the seven domestic horses that call Ste. Anne's Spa their home.

At this number one relaxation spa, guests are encouraged to enjoy the farm facilities in whichever way best suits them. They have the choice of three different equine activities including: Morning Muck, Evening Turn In and Grooming Time. Morning Muck and Evening Turn In may include tasks such as cleaning the stalls, filling water buckets and bringing in or turning out the horses. During Grooming Time you will be hands on with the horses, with our Stable Caretaker guiding you through this very intimate experience. Each activity is completed under the guidance of the Stable Caretaker, [Karey](#)

[White](#), who is a Certified Equine Canada Level 1 Coach and a Certified Riding Instructor.

"I have guests comment all the time that they can do yoga anywhere, but in the city there is no opportunity to play with horses. Here, they get an up close and personal experience with the horses, in a controlled environment," said Karey White, Stable Caretaker. "The program is not a 'therapy' per say but the horses do have a way of making the guests feel comfortable enough to let their guard down and just feel."

As a guest at Ste. Anne's Spa many of the packages will also include a wellness class; the Morning Muck and Evening Turn In activities can be substituted for your wellness class. Although the Grooming Time cannot be substituted, it can be added to your stay for only forty-five dollars. Classes range from forty-five minutes to an hour in length, with every minute creating memories that will last a lifetime.
