April 6, 2013

Coupons on Wildcard Certificate

specifically on SSL and Web security, making us experts in the field.

Newark, DE ([RPRN](#)) 04/06/13 — As a foremost provider of SSL security certificates, **ClickSSL** is a platinum partner of most popular certification authorities (CAs), including Symantec, GeoTrust, Thawte, and RapidSSL. All certificates are exactly the same as the Certification Authority direct selling. Our business focuses

SSL security has played a vital role in on-line business. Without secure, on-line business is no more. People will not put their trust on security less sites. SSL certificate with a secure seal provides utmost security to E-commerce. When a user checks secure seal in web site URL, he will go for a transaction on that site.

We purchase in big quantity and catch huge discounts, which we pass to our clients. We track the prices on everything in our portfolio every day, our prices down as needed. Nobody beats our prices, as evidenced by the guaranteed best rates. Now, ClickSSL is offering big discount on wildcard SSL certificates. Find discount code on <https://www.clickssl.com/promotion> and save your money.

There are many types of SSL certificates are available like domain

validation, EV certificate, wildcard certificate, SAN certificate, code signing certificate offered by RapidSSL, VeriSign, GeoTrust, and Thawte are some of the best providers in this industry. Each certificate holds its own value and purpose but among them, a wildcard certificate is a famous certificate for online business because it secures multiple sub-domains with a single certificate.

What do you want else as an E-commerce business? You do not have to purchase different certificates for every single domain. For example, If you configure *.myweb.com, you can also secure www. myweb.com, photos. myweb.com, blog. myweb.com.

It follows the equal method for the same validation method. It is a time and money saver certificate for organizations. It secures transactions within a web browser and the web server, comprising gateways, web forms, mail and FTP servers, and VPNs with up to 256-bit SSL encryption. It is also well suited with most of 99% browsers globally. It takes 1-2 for the issuance and installation depends on which authority you choose. We are providing 30days money-back guarantee on all certificates.

ClickSSL offers wildcard Certificate at promotional price that would be costly if you buy it from direct authorities. To get the benefit of wildcard Certificate with discount rate you need to use below coupon code.

Coupon Code and Price:

- To obtain **RapidSSL Wildcard @ 80USD/yr.** Use Coupon code RAPIDSSLWC80 (4 yrs. Purchase required)
- To obtain **GeoTrust True BusinessID wildcard @ 250USD/yr.** Use Coupon code GEOTRUSTWC250 (4 yrs. Purchase required)
- To obtain **Thawte Web Server wildcard @ 444USD/yr.** Use Coupon Code THAWTE444 (1 yrs purchase required)

When a customer spends money on your product, it is your responsibility to protect them and create a secure environment on your website. The certificate goes for reissuance whenever a new virtual server is contributed.

The wildcard is the most popular certificate among online businesses. The main benefit of this certificate is its low-cost factor. Customers easily place their trust on secure sites, and wildcard is the best answer for it. It helps in increasing profit of an organization.
