First Real Nudist App To Hit iTunes

Young Naturists America YNA

New York (RPRN) 02/11/11 — The Nuddies are here!

Young Naturists America has some exciting news about you, your phone, and going naked...we have just released our very own iPhone app for nudists and everyone who likes to be naked. It's called My Nude World and will connect you with over 1,500 nudist destinations, clubs,

resorts, beaches, and even groups and organizations around the world. Search this database to discover what's in your area as the app will pinpoint your location and give you a list and map of places to explore. Or search by city, state, name or even country. The app GPS will provide you with directions and the database's listings include all the pertinent information - photos, addresses, contact info and websites, and all of this conveniently accessible from your iPhone, iPad and iPod.

Don't have an iPhone? My Nude World will soon be available

for Droid and Blackberry, as well as on our website (as an easily download-able web application).

YNA is passionately dedicated to the naturist movement, having thus far put our hearts and souls (not to mention - our life savings) into this organization and everything we are building! This app in particular has drained us mentally, emotionally and financially, but it was all worth it because through this app we can support the movement while the movement supports us! By purchasing this app, you will not only be getting the latest in "nudist technology" - you will also be aiding us in having the means to continue what we are doing and invest more money back into it.

About the author:

Young Nudists & Naturists America is based in the New York, New Jersey area but we welcome anyone from anywhere. Due to all the interest and lack of an online presence we decided to launch this site. We are here to educate people about nudism and the nudist lifestyle as well as recommend trust sites and warn people of any bad or misleading sites and organizations. We are fellow nudists ourselves and our word is our bond.
