

Free Ecourse For Students Who Want To Learn Woodworking

August 28, 2013

Ottawa, Ontario ([RPRN](#)) 08/28/13
— Award winning furniture maker and sculptor, Mr. Norman Pirollo is giving away 100 ecourses for students interested in learning woodworking.

"Woodworking Course: Learn From a Professional" is an on

demand ecourse which students can access online or offline through their computer, iphone, iPad, or mobile device. It is a comprehensive course designed to teach woodworking fundamentals. Many topics are covered ranging from selecting wood, joinery, hand and power tool use, machinery, finishing and veneering. Students walk away with a strong background in the fundamentals of woodworking. This course is targeted to novice through intermediate students with none to some woodworking experience. The course consists of narrated screencasts which guide the student through the many lectures on the different topics.

"Many students have little to no time to attend a woodworking school and want to begin woodworking as soon as they can". The woodworking course allows the student to follow the lectures at their leisure. The student can also begin to use the various tools and techniques discussed in the course as they progress through. *"Woodworking Course: Learn From a Professional"* is filled with vital information every woodworker should have before even beginning to woodwork. Once the student has followed and understood

these fundamentals, their learning curve will be greatly diminished. Each lecture also has a quiz at the end to ensure that the student has successfully understood the topic. A certificate of completion is offered at the end of the course.

To view a course overview, please see video clip below. To get the free ecourse with 32 lectures and over 5 hours of content, visit <https://www.udemy.com/woodworkingcourse> and use the free coupon code: Dovetail

About Norman Pirollo

Instructor Norman Pirollo has hosted many workshops and short courses in his woodworking studio. He also publishes woodworking tutorials which cover different aspects of woodworking in depth. His background is in Cabinetmaking and Furniture Making. Norman has studied in depth in both these programs. His fine furniture woodworking jigs have been featured in various books and magazines including "*Fine Woodworking Magazine*". Norman has also attended courses and workshops taught by leading woodworkers in North America. In addition, he also designs and creates woodworking tools and jigs to facilitate the woodworking experience and make it a better one.
