

freebielist.com Launches Free Bingo Site

January 9, 2012

Lancaster, UK ([RPRN](#)) 01/09/12 — Online [free stuff](#) reviewer freebielist.com has launched a new website dedicated to listing online bingo providers. Free Bingo Sites UK offers a user-friendly round-up of the UK's top no-deposit and deposit bonus bingo operators.

It is estimated over 200 bingo providers now operate online, each offering a slightly different set of prizes, promotions and games. Some operators double or even triple players' deposits, making online bingo particularly attractive. It is these types of offers that are tempting a new generation to play the time-tested game.

Andy Varley, owner, said: "Bingo is currently very popular in the UK and with so many providers to choose from, it can be difficult selecting which ones to play. FreeBingoSitesUK.co.uk offers straight-forward, honest reviews of the various bingo sites on the Web and summarises this for the visitor.

"Unlike traditional bingo often played in church halls or down the community centre, online bingo has the added bonus of larger prizes and the ability to play at any time of the day or night, making it very convenient. Players also have the added benefit of generous promotions and bonuses. In many cases, making a deposit of £10 can result in a 100% or 200% bonus. So called re-load bonuses are also available, making online bingo even more attractive".

Although online bingo has a wide range of benefits over its traditional counterpart, it is not without risk and gaming addiction is a particular area of concern. It is recommended that players only wager within their means and take full advantage of any free bingo that the bingo operator may be offering.

"We believe people should have fun when playing bingo and be aware of how much they're spending on deposits. In the vast majority of cases, a small deposit will garner dozens of bingo plays so there are few negative points, especially when you consider the bonuses involved. However, it never hurts to remind players to take it easy with any form of online gaming. Otherwise they may find themselves out of pocket", said Varley.
