

In The Nude Night Out? At a Manhattan Night Club or Bar? This Nov. 20? Sounds Like Fun!

November 1, 2010

Young Naturists America YNA

New York, NY ([RPRN](#)) 11/01/10

— To all the people who keep saying that they want to do something new and different - now is your chance!

A very unique event will be taking place this November 20th! If you are open minded and have no problem showing what you are made of (literally) then you should

probably check it out. Young Naturist America is a group of young people who have set out on a quest to promote [Nudism & Naturism](#) through events, meet-ups, education and their new website. On Nov. 20th they will be holding their first big event - [Nude Night Out](#) in bar in Manhattan (can you believe it? A bar filled with young people drinking, dancing and having fun just like anyone else just that they will all be nude). They just started the registration on the website which costs \$0.50 and you can also add the names of your friends who will be attending with you... the idea is that if someone takes the time to register and submit the request then they are 50 times more likely to actually purchase the tickets once they go up for sale (and this way they will be able to get a better feel for how many people will actually come).

"Since we are really trying to keep a reasonable ratio of men / woman and

we want a good mix of ages we are not guaranteeing that everyone who [registers](#) will have the opportunity to buy tickets to come to our event (as much as we would like everyone to come we have to think of the long run)." said Jordan one of the group's founders. He goes on to say: "We are sinking our heart and soul (along with pretty much all my meager savings) into this venture and we hope that through our efforts this wonderful way of life will take root among the younger generation (those the are 21-35 years old). Nudism can be an exciting new way of enjoying life... once people shed their cloths there are no more social barriers or superficial "dress

to impress" attitudes - we are all pretty much the same... young, old, skinny, overweight, male or female we all have the same basic equipment. What could better than being in a safe environment where you are judged based on who you are and not what you do or how you look? There is more eye contact in such events than in any other".

[Young Naturist and Nudist America](#) are geared more towards the under 40 crowd but in the true spirit of acceptance they do not discriminate so everyone is welcome to join their site and community. Nude recreation has grown tremendously over the past few years and for the first time since perhaps the 60's we see more and more people in their 20's shedding their clothes in social settings. Perhaps one day the naturist way of life will be more openly accepted here in the USA as it is in places like Europe, Australia and Canada.

If you visit their website at : <http://nudistnaturistamerica.org/> you will see that they are working on setting up a whole community where people can interact, learn and find other likeminded individuals. They launched their website less than a month ago and already they have over 400 registered users and around 1,000 (yes one thousand) new people who visit their website daily (and their following seems to grow by the minute).

Their [blog](#) (which is written by and from the perspective of a charming and

beautiful young lady in her early 20's) is catching fire on the web and attracting many visitors from all walk of life - I would strongly recommend checking it out : <http://nudistnaturistamerica.org/blog/blog1.php>

So let's hope that they are able to succeed in our sheltered and a bit too conservative country!

Don't forget to check out their website and their Nov. 20th Nude night out event - if any place has enough open minded people it has to be New York (and naturally the tri-state).

I am always ready to try things so I hope we have a good turn out and the Nude Night Out catches on!

About the author:

[Young Nudists & Naturists America](http://nudistnaturistamerica.org/) is based in the New York, New Jersey area but we welcome anyone from anywhere. Due to all the interest and lack of an online presence we decided to launch this site. We are here to educate people about nudism and the [nudist lifestyle](#) as well as recommend trust sites and warn people of any bad or misleading sites and organizations. We are fellow nudists ourselves and our word is our bond.
