

Killer Guides Launches Unofficial Guild Wars 2 Guides

August 17, 2012

Sao Paulo, Brazil ([rushPRnews](#)) 08/17/12 — With ArenaNet's Guild Wars 2 official release just around the corner this 28 August 2012, long time [game guide publisher Killer Guides](#) makes walkthroughs for the game available. Released several days before the official game launch are three unofficial

game manuals: Killer Guides **Guild Wars 2 Leveling Handbook**, Gold Making Guide and PvP Compendium.

Featured in the leveling manual are strategies to help gamers more quickly gather in leveling experience points. Guild Wars 2 is a MMORPG (massively multiplayer online role-playing game) which is designed based on leveling up for character progression. Ultimately, all players will start with a level 1 character and fully max out their characters at level 80. Along the way, ArenaNet makes sure to keep gamers' adrenaline rushing with challenging boss fights, full-fledge wars and battles among groups of players.

Like most other online games in the MMORPG genre, in order to win fights, overcome challenges and overtake competitors, it all comes down to making use of effective gaming strategies. ArenaNet has ensured gamers with millions of possible gameplay outcomes by offering a large number of skill choices and uncountable cross-profession skill-combination possibilities. This is where the leveling guide by KillerGuides comes into play.

Like most other guides by the publisher, besides offering lists of items, weapons, consumables, etc, sections of the [GW2 leveling manual](#) are written to offer gameplay strategies and tactics. While the leveling handbook is written to help Guild Wars 2 dwellers in leveling up, the PvP Compendium is designed to provide readers with tested battle tactics, particular for PvP (player-versus-player) instances. Offered at \$29.99 each, the guide publisher also makes the manuals available as part of a [GW2 product bundle](#) at \$59.99. These recently launched guidebooks add to the publisher's growing portfolio of over 120 manuals for popular game title such as Star Wars the Old Republic, Diablo 3 and the renowned World of Warcraft.
