

Minneapolis Orthodontics Office Gets a Kick Out of Youth Soccer

June 9, 2011

SAVAGE, LAKEVILLE AND ST. PAUL MINNESOTA ([rushPRnews](#)) 06/09/11 — - The Savage, Lakeville and [Minneapolis orthodontics](#) practice of Cosmopolitan Orthodontics is helping provide equipment for the Farmington Youth Soccer Association this year.

The soccer association is new to the area, and Cosmopolitan was eager to help the players get started on the right foot this season, says Dr. Trudy Bonvino, a [Minneapolis orthodontist](#). "We love being a part of this community, and we look forward to opportunities to help children get involved in sports, music, civic organizations or other hobbies," says [Trudy Bonvino](#), one of the St. Paul Minneapolis children's [orthodontists](#) at Cosmopolitan. "Our office is quite happy to get involved in the community through soccer."

The practice is committed to supporting educational, arts-related and youth athletic programs, and Bonvino says she realizes that these types of programs need help now more than ever. State and federal cuts have left their mark on a variety of programs, and the sluggish economy has meant that fewer businesses are able to donate to causes they have supported in the past.

"These programs need us, and we need these programs to enrich the youth in our community," Minneapolis [pediatric orthodontist](#) says. "We want to do our part to make sure that youth who want to be involved in an extracurricular activity have the opportunity to do so."

Cosmopolitan is located at 17757 Juniper Path in Lakeville, and 8310 C.R.
42 in Savage.

About Cosmopolitan Orthodontics

Cosmopolitan Orthodontics opened on June 4, 2009 in Lakeville, followed by a Savage location a year later. The facility features the latest in orthodontic technology. It is designed to provide an outstanding experience for patients and parents.

Bonvino, the [orthodontist](#) on staff, is a Twin Cities native. She was drawn to a career in orthodontics because it combined her two greatest interests: art and science.
