08/02/11 — New York Times bestselling author, E. Bernard Jordan, will be releasing his next bestseller on September 6th from Simon & Schuster, *The Laws of Prosperity: Building A Divine Foundation of Success*.

People are talking about "The Laws of Prosperity"

This new book builds upon his earlier bestseller, *The Laws of Thinking*, to unveil more of the

spiritual truths that dictate success and prosperity. Bishop Jordan's very timely, provocative book delineates the "20 Laws of Prosperity" (God's Stimulus Plan) in a concise, engaging manner, for those who are experiencing the myriad hardships of today's difficult economy.

Each of his twenty laws—from the law of employment to the law of values—is broken down into simple explanations and exercises, to assist the reader in better understanding the connection between their financial status and their faith in God's universal laws. The Bishop's thought-provoking, intriguing ideas regarding economic survival and renewal are topical and solidly grounded in spirituality.

The topical, well-written book is more than a self-help tome; it is a practical

guide for those who can use an alternate mindset toward their current economic situation. Examples of some of the innovative segments contained in The Laws of Prosperity include "Retirement Is Not Natural In God's System," "There Is No Underemployment in God's System," "We Should Begin Work As Early As Possible," "Any Employment Is Preferable To Idleness," "Life Is Like The Stock Market," "The Value of Pride In Starting A Business," "Ideas and Knowledge Not Shared Will Rot," "Economic Hardships Enrich Us In Other Ways," "Wealth Is Out There," "Don't Be Frugal In Your Wishes For Others' Good Fortune," "In The Shifting Balance Is Opportunity," "Spiritual Advisers Are God's Attorneys" and other pearls of useful wisdom.

This next literary offering from Bishop E. Bernard Jordan promises to lead thousands of its readers toward increased economic relief, which is vitally needed in our society today.
