08/27/12 — – Rockstar Puppy, an online pet boutique, has added healing crystals often used for holistic care on people and pets to its collection, in addition to religious charms.

Jessica Auria, the owner of Rockstar Puppy, said the healing crystals help with people and their pets' issues with fear, anxiety and aggression. Crystal healing can help with respiratory and circulatory ailments and digestive problems too.

From healing wounds to assisting with inflammation and arthritis, crystals and stones also help with hormonal and compulsive behaviors. The crystals' metaphysical healing properties can help heal people and pets physically, mentally, emotionally and spiritually.

"We carry several different crystals," Auria said the owner of Rock Star Puppy Boutique an online store which offers [motorcycle dog carriers](#) and other pet accessories. "They include amethyst, citrine, quartz crystal, rose quartz and labradorite. Each different crystal has a different vibration."

Amethyst is the most effective stone suggested as the crystal to use for any type of healing including calming and healing, as well as deterring fleas. The

crystal can also help with dogs that bark excessively and cats' constant meowing.

Since crystal therapy is known to affect the whole energy field of animals, crystals are placed at particular points around your pets, added Auria.

"Amethyst is beneficial when it is worn over the throat where the charm hangs over your dog's neck." she said. "The crystal is also known to treat insomnia and encourage restful sleep."

The online pet boutique, not only has the new healing crystals for dog collars, but also carries religious amulets for pets. The charms, approximately 30 millimeters long, are part of the Meditating Mutts collection, which is exclusive to Rockstar Puppy.

The dog collar charms collection consists of the Amethyst Point, Quartz Crystal Point, a carved turquoise Buddha, an Om symbol, Lakshmi, Archangels and Ganesh to list a few.

In addition to custom [dog ID tags](#), custom dog houses, and designer clothing, the Rockstar Puppy site also features pet health information. A motorcycle pet carrier along with a [dog helmet](#) is even available for the four-legged friend who likes to go motorcycle riding with its owners.
