Golden Light 'readings are

much more than predictions. As a Reiki Master for over ten years, they are truly psychic guidance that allows the caller to grow spiritually, heal and follow a life path of fulfillment.

Her tarot cards always tell the truth and the predictions are very accurate. Free minutes are always offered to all of her callers following each and every reading.

Golden Light starts her reading with making sure that the caller is calm and is a receptive state. She breathes deeply three times and connects to you, then will ask the name of all the parties involved, ask for a specific question and let her guide do the rest.

But what are tarot cards?

Unlike a regular card deck, Tarot cards are a highly symbolic deck of cards consisting of 22 Major Arcana cards, and 56 Minor Arcana cards.

Divination using playing cards is in evidence as early as 1540 in a book entitled The Oracles of Francesco Marcolino da Forli.

The meaning of Arcana is secrets or mysteries, which is why the ability to "read" the symbols lays an important role in the gift of the tarot practitioner. Everyone can learn to read the cards and benefit from the experience.

There are also Minor Arcana suits which consist of 4 court cards including the king, queen, knight and page in addition to 10 numbered cards.

A spread can be a quick yes or no pattern, a three ace spread, a Celtic spread or any number of other popular ones. After they are laid out the questioner turns over the appropriate number of cards for the spread and then the diviner, or card reader, deciphers them to expose the very mysteries the cards represent.

[Tarot](#) has been around since the Egyptian time and will continue to fascinate and guide for centuries to come.
