Excluding the impact of fair value adjustments, loss on dispositions and income tax provisions, net income increased by \$5.7 million in the current quarter compared to the same period last year mainly due to increases in net rental revenue of \$4.9 million, decrease in general and administrative expenses of \$0.5 million from lower compensation expense and a reduction of interest expense of \$0.4 million.

The high occupancy level of 99.1%, as well as the Trust's acquisition and development program, generated rental revenue of \$134.5 million during the quarter. NOI of \$89.0 million increased by 5.7% over the previous year including a 1.0% increase on a same properties basis.

The Trust expects to meet the REIT Exemption once the Federal Budget proposals clarifying the application of the rules for REIT Exemption from income tax are re-introduced and passed. The effective date of the proposed legislation is January 1, 2011 at which time the current (\$29.5 million) and deferred (\$551.4 million) income taxes totalling \$580.9 million will be reversed.
