Qassim, Saudi Arabia
([rushPRnews](#)) 09/26/13 — Saudi Readymix is about to complete the installation of a second 120 cubic meter per hour batch plant at its factory in Qassim, which only began production in March of this year. Once expansion is complete, the factory will have a production capacity of more than 1,500 cubic

The Qassim factory is fully equipped with a testing lab, an ice batching plant and a sufficient number of truck mixers and mobile pumps to serve the region's growing need for high quality concrete.

“We have been serving the market in Qassim for six months and our production is rising steadily. With this expansion, we aim to double the delivery of ready-mixed concrete to our customers in Qassim before the end of the year.” said Fadi Mujahed, Chief Commercial Officer at Saudi Readymix

Saudi Readymix is the leading producer and supplier of concrete in the Kingdom. The Company employs over 3,300 employees and operates 30 concrete factories, 2 quarries and 3 concrete-block factories throughout the country.
