[Ste. Anne's Spa](#), one of Canada's most established destination spas,

has been working for the past 2 years on the development of their own signature face, hair and body care line - [Ste. Anne's Skin Nourishment](#). This past April, the first 5 products were launched at the spa and the guest response has been very encouraging.

"Ste. Anne's Skin Nourishment was conceived out of a desire to extend the Ste. Anne's Spa healing experience beyond the guest's visit." says [Jim Corcoran](#), Owner and General Manager of Ste. Anne's Spa.

In developing the line, Ste. Anne's chose to work with one of Canada's most sought after herbalists, Bonita Barth, owner of [Essential Botanicals](#). The focus was to produce a quality, 'holistically-based', skin-care line for the face, body and hair that balanced, maintained, nourished, and improved the state of the skin with regular use.

"The one thing we've stressed in the Ste. Anne's line is working with fresh, vital, natural materials. Ste. Anne's understands the importance of using organic sources, and of working with natural plant actives, rather than

synthetic additives, to bring balance back to the skin." says Bonita adding that the actives in skin care products should be naturally sourced as well. Bonita understood Jim's desire to create a 'homegrown' product line.

Using high quality, unadulterated botanicals, as opposed to synthetics, Ste. Anne's Skin Nourishment is manufactured without the use of petrochemicals, sulfates, PEGs/PPGs parabens, phthalates, synthetic fragrances or synthetic preservatives.

While the complete line of Ste. Anne's Skin Nourishment is set to launch in the summer of 2012, these first 5 products are available for all [guests of Ste. Anne's](#) to try while they are visiting. They are in all of the in-room and locker facility dispensers and are for sale in the [gift boutique](#).

"It is very exciting to see the positive response from our guests." says David Navia, Director of Operations "They trust us to provide them with quality and comfort in a stress-free environment and Ste. Anne's Skin Nourishment reflects this promise."
