03/27/11 — Why Do Married Men Cheat With Unattractive Women? Author Emunah La-Paz Reveals The Truth Through The Man's Perspective

When I found out that my best friend's husband was unfaithful, I was shocked!

After all, my attractive friend (who we will call "Judie") is a gorgeous model - and she knows how to turn heads.

I was with Judie when she located the other woman's picture online, and how can I put this...the other woman had a face that only a mother could love.

The other woman simply did not take pride in her appearance. To be honest, I was a little disappointed to see the results. I had figured if Judie's husband cheated on her, then the other woman must have been drop dead gorgeous!

Sadly, I got to wondering, [Why do married men cheat with unattractive women?](#)

Eventually, I asked Judie's now former husband what made him cheat with the homely chick. He explained that the other woman made him feel good about himself Judie expected too much of him. This charming other woman was eager to please him physically and mentally.

He went on to say that she showered him with compliments all the time, important gestures of the heart in which he claimed Judie never participated.

In Judie's defense, I know if her husband would have simply told her what he expected from her, she would have gone the extra mile.

Judie's friend took matters into her own hands by asking the question that she feels all women would like to know: "Why Do Married Men Cheat With Unattractive Women?"

Author and relationship guru [Emunah La-Paz](#) took interest in this topic, and from there she conducted research and interviews surrounding Judie's situation. The feedback concerning this topic attracted a huge responses from all angles.
