[The Young Montalbano Collection One](#) DVD is coming to the UK on 5 August 2013, but fans of top notch TV crime thrillers can pre-order their copy today, exclusively from the Acorn Media online store.

Young Montalbano Collection One is the prequel to the uber-successful, Italian crime series [Inspector Montalbano](#). The show reveals the beginnings of the friendships, rivalries and romances that fans of Montalbano know and love. These iconic characters arrive in the beautiful Sicilian town of Vigata to sow the seeds of a gritty crime legend.

Starring Michele Riondino, Young Montalbano introduces the world to the man that would become the renowned chief detective, Inspector Salvo Montalbano.

Young Salvo is new to Vigata and new to the life of a police chief. He has not

yet purchased the glorious house by the sea, or won the affections of beautiful Genoese architect, Livia Burlando. Some things, however, have not changed and the young Montalbano has the same penchant for good food and bad women that he always will.

The stories that unfold in this popular series do not simply set the stage for the ensemble's transformation into the characters that fans know and love. Each episode is a breathless thriller in its own right; one that fans of TV crime cannot afford to miss.

The Young Montalbano Collection One DVD won't hit shelves until 5 August 2013, but online shoppers can pre-order their copy from the Acorn Media online store today, and receive their copy before it is released. This pre-order offer is only available from Acorn Media, and will not be found anywhere else.

Pay a visit to the Acorn Media online store today and pre-order your copy of the Young Montalbano Collection One DVD.
